

**GEOCLUBE**  
Associação Juvenil

# What is Geoclube?

- GEOCLUBE is a Youth Association born in the year 1999, in the High School of Gondomar
- It was created thanks to the will of two teachers and several students to have an informal club where they were able to develop activities outside the school environment.

# What are our goals?

- The main objective of our Association is to promote the active participation and involvement of young people in the defense of environmental issues, democracy, social inclusion, young entrepreneurship and democracy.

# What is our Target Group?

- The target group of the Geoclube is young people aged between 13-35 years old, from all social strata, and with special attention to young people with fewer opportunities of our city - Gondomar.

# Activities

- Our main activities are (local and national level):
  - Workshops and Conferences on key topics (environment protection awareness, bullying, gender violence, youth participation, democracy...)
  - Solidarity events
  - Intercultural activities
  - Outdoor Activities
  - Support NEET through activities that foster employability and active participation

# Activities

Under the ERASMUS+ programme:

- KA1: Training Courses, Youth Exchanges, Seminars
- European Voluntary Service / European Solidarity Corps
- KA2
- KA3
